Ergonomic Comfort on the Go

Up to 6 Months Battery Life

Stay productive with up to 6 months of battery life*. On/off button saves even more power. Battery indicator light eliminates surprises.

High-Definition Optical

1,000-dpi precision technology is 2.5 times more responsive than standard optical mice. Delivers the precision you need while you are on the move.

Storable Micro-Receiver

Fits neatly inside the mouse so that it's always available. Turns the mouse on when removed, off when stored.

Uninterrupted Cordless Performance

Experience a powerful and reliable signal with 2.4 GHz Digital Cordless. No delay dropouts even in the busiest wireless environments.**

Side-to-Side Scrolling + Zoom

Tilt Wheel Plus Zoom is perfect for viewing digital photos and spreadsheets. Instant zoom in and out; scroll horizontally or vertically.
